

BLACK ADOPTERS' SUPPORT GROUP

The West London Adoption and Permanence Consortium (WLAPC) is a partnership of eight local authority adoption agencies: Brent, Ealing, Hammersmith & Fulham, Harrow, Hillingdon, Hounslow, Kensington & Chelsea, Westminster and three voluntary adoption agencies Coram Adoption, IAC and PACT

This support group facilitated by **CoramBAAF** - is provided specifically for **Black adopters of African, Caribbean, Asian and Chinese descents, (including families with one Black parent)**

who are either approved by consortium agencies to adopt Black children, or are Black adopters living within consortium boroughs and eligible for post adoption support from these agencies.

The group will provide Black adopters with opportunities to meet and share concerns, strategies and resources, in an enabling and supportive environment. There is a limit on the number of adopters who can attend this group, so to ensure a place, please do book early.

There is no charge to adopters attending the group and a **crèche facility** is also available. We also provide a **Children's Group for adopted children** aged between 5 – 12 years old. Both groups will meet at the same venue and times.
